

# Over 2`s Activities

## Treasure Hunt

### Resources Needed:

- Homemade cardboard Eggs- you can use card or corrugated card
- Paint, crayons, collage material to decorate the eggs

### Implementation:

- Cut out egg shapes out of cardboard
- Paint them or decorate them on both sides with your child and allow them to try
- Hide them in your living room or garden and search for them with your child

I have done this activity with my grandchildren from the time they were toddlers until last year when my grand daughter was four and it is an activity, she has really loved each year in a different way as she has grown older. It is an activity that she has wanted to play over and over again and has been used beyond Easter. There is a real joy in being able to find the eggs and a sense of self-achievement.
